If not, then it is not. monweal and majority rule. The United States have taken this stand definitely on such a subject as prohibition and also historically in their State laws. In fact, I believe the instinct of the American people is Silesia. rather intolerant of minority opin-behind them, would resist a verdict ion—especially individual objectors in partially given by the league, but to popular convictions.

### Another Side of Liberty.

On the other side are those who to escape. minorities to liberty of seif-government and individuals to liberty of self-expression. If a man wishes to get drunk, they see no reason why he shouldn't. If a woman desires to shouldn't. If a woman desires to shouldn't and to asso. proclaim the divine right of the I think that the same argument

tending the commonwealth of peoples by a wider application of international law. The second is for splitting the commonwealth of peoples by a wider application of international law. The second is for splitting to make concessions to find the commonwealth of peoples to cut the sake of peace the law of the concessions to concerted over the possible effects of the concessions to concerted over the possible effects of the concessions to concerted over the possible effects of the concessions to concerted over the concerted over the possible effects of the concerted over the con

tional law. The second is for splitting up into smaller and more isolated groups.

But the greatest division of opinion, as expressed in practice, is not on the scope of liberty itself but upon the use of force by which it may be obtained. Whereas many minds believe that armed force should give way to moral claims presented to the court of public opinion or world justice, others believe, and act their belief, that liberty is best obtained and best secured by armed revolt against injustice, by minority warfare against majority tyranny and by with few exceptions in the world's make to Great Britain.

In spite of the Irish logic, which is terrible in its single idea, this seems to me lilogical; but, worse still, it seems to me reactionary. Washing out all past history and beginning out all past history and beginning to abandon force as an argument and to abandon force as an argument and to put forward her moral claims before an impartial jury of public opinion. The verdict was given in favor of dominion home rule first by the Dominion Premiers at the Imperial Conference and next by the sentiment of the whole world as expressed for the world's world and apprehensive in respect to the sentiment of the whole world as expression of its repugnance at the killing of the cone-time Vice-Chancellor and Minister of Finance, and demonstrations in Munich against high prices and the alleged reactionary methods of the Bavarian authorities.

Silesia, or the greater Governments behind them, would resist a verdict impartially given by the league, but if they fell back on armed force as an argument, which is possible later on, it would be to hark back to a world for Erzberger. it would be to hark back to a world for Erzberger.

Erzberger's Comrade Wounded.

of anarchy from which we are trying Deputy Karl Diez, who was with Herr oppressed by a majority and a small people by a big people, as in relation to England. In the second case they claim the right of the majority to obtain the allegiance of the minority, as in relation to Ulster. Their leaders declare themselves ready to take up present coercion.

These two schools of thought are further divided. The first is for extending the commonwealth of people. And yet they would resist by force of arms the determination of the second case they claim the relation to Ulster. Their leaders declare themselves ready to take up parms once more in order to cut them selves loose from the federation of the British people. And yet they would resist by force of arms the determination.

and best secured by armed revolt against injustice, by minority warfare against majority tyranny and by individual acts against social oppression.

The Government apparently is more than apprehensive in respect to the amifications threatened in the Bavarian situation, which now is resolving itself into a final test of strength between Premier Kahr and his faithful Chief of Poelice. Poehner, on the one hand, and the mixed, are the dynamic causes of the Irish question, of the trouble in Upper Silesia, of Russian Bolshevism, of the labor unrest and the Greco-Turkish war—of all the social strains and stresses.

Minorities Turn to Violence.

If the Irish extremists repudiate that verdict, declare a state of war and open a new campaign of terror they. I think, will be violating all those hopes of liberal thinkers throughout the ordinary or the labor unrest and the Greco-Turkish war—of all the social strains and stresses.

Minorities Turn to Violence.

Minorities Turn to Violence.

For some time after the war there was a tendency for the minorities to secure what they believed to have to strength between Premier Kahr and his faithful Chief of Folice, Poehner, on the one hand, and the Labor elements on the other. In political circles here, however, it is considered that the Bavarian officials will have to work out their own salvation, as the Central Government in Berlin, for various reaction, moreover, political circles point out that the Berlin and Mundeh governments have proved the theory of the minorities to the conditions of over affection that they believed to have the conditions of the conditions of over affection that the conditions of the propher than the proved that the conditions of the propher than the proved that the conditions of the propher than the propher than the condition of the propher than the propher t
